

AIA Engineering Limited

Level Control Diaphragm

Performance Enhancer

1st & 2nd Chamber Essentials

SUPERIOR PERFORMANCE THROUGH INNOVATIVE TECHNOLOGY

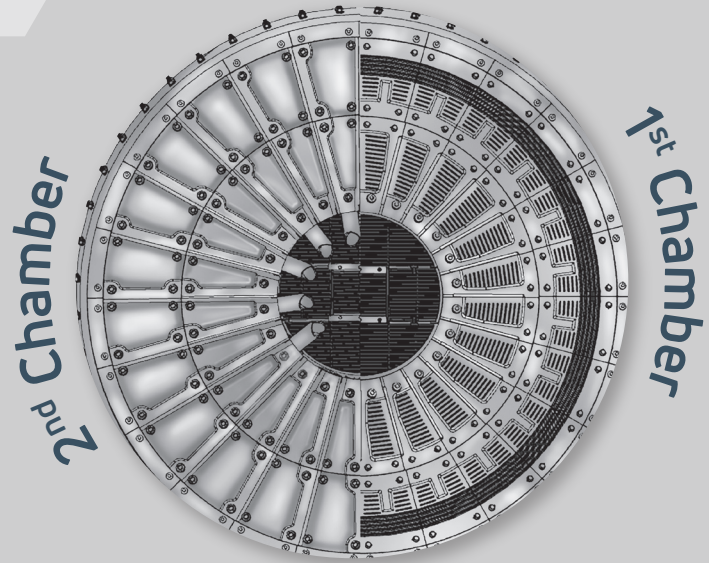

AIA Engineering Limited

Level Control Diaphragm Performance Enhancer

Vega Industries is globally the largest manufacturer of high quality wear resistant parts. ISO 9001:2015 certified.

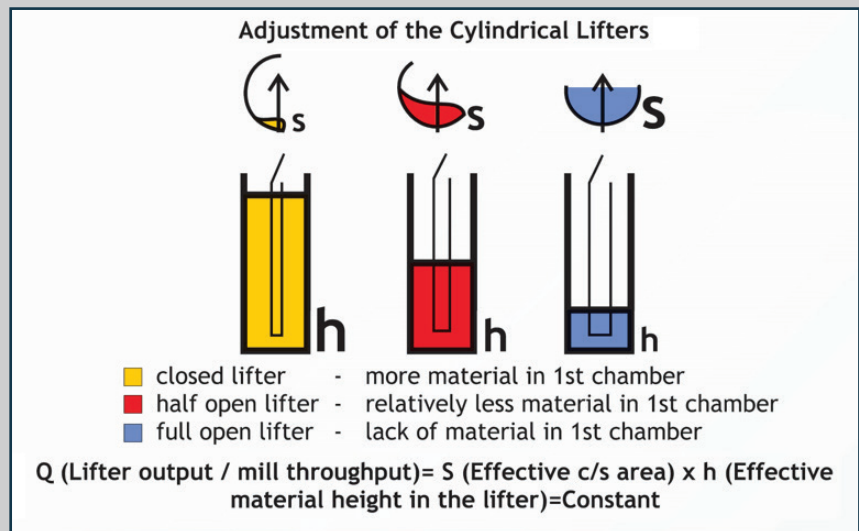

Salient Features

- Flexible frame structure
- Engineered overlapping design to arrest the gaps between the plates
- Improved mill ventilation with large central screen
- Maintains optimum material level in both chambers through lifter positioning
- Superior metallurgy of cast parts for higher life time

Key Benefits

- Ease of handling during installation
- Optimum mill efficiency
- Minimised downtime
- Reduced maintenance cost
- Flexibility of grinding various cement grades using lifter settings

Alloys

Component	Grade	%C	%Cr	Hardness
Grate Plate	Vegaline 107	0.3-0.5	6-9	48-54 Rc
Back Plate	Vegaline 112	1.0-1.5	10-12	48-54 Rc
